

Beegu Model Text

Once upon a time there was a small yellow alien with three eyes and very long ears called Beegu who lived on the planet Zog. Beegu loved zooming around her planet in her little silver spaceship.

Early one morning Beegu's little silver spaceship crashed onto planet Earth. She was lost. She was not supposed to be there. Lost and alone she walked around looking for help.

No one seemed to understand her.

First she found some furry rabbits but they did not understand her.

Next she asked a tree but it did not answer.

Then she asked some dancing leaves, but they wouldn't even stay still to listen.

Suddenly she heard a noise from far away. She thought it was her mum calling but it wasn't her.

After that Beegu set off to find some friends because she didn't like being alone.

Eventually she found cute puppies in a box and curled up to sleep with them but a nasty, mean man sent her away. She wasn't wanted there either.

After that she thought she had found the perfect place ... a school full of children. She had fun playing but the scary teacher sent her away.

Once again Beegu thought she heard her mum calling. This time it was her! Her mum sucked her up into the spaceship, where she belonged, and gave her a big hug.

Finally Beegu told her mum all about life on Earth and the creatures she had met. She told her how the big ones were unfriendly but the small ones were kind and friendly.

Beegu would always remember the small ones and hoped they would remember her too!
